

explosible dust-air mixture if dispersed. See Section 11.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance:

Components	%	CAS No.	EC-No.	REACH No.
AZD3759		-	-	-

4. FIRST-AID MEASURES

Description of first aid measures

- Inhalation : Remove patient from exposure, keep warm and at rest. Obtain medical attention if ill effects occur.
- Skin Contact : Take off all contaminated clothing immediately. After contact with skin, wash immediately with plenty of water. Obtain medical attention if ill effects occur.
- Eye Contact : Immediately irrigate with eyewash solution or clean water, holding the eyelids apart, for at least 10 minutes. Obtain medical attention.
- Ingestion : Wash out mouth with water and give 200-300ml of water to drink. Do NOT induce vomiting as a First-Aid measure. Obtain medical attention.

Most important symptoms and effects, both acute and delayed

Refer to sections 2 and 11

Indication of any immediate medical attention and special treatment needed

Symptomatic treatment and supportive therapy as indicated. For further information consult the Local National Poisons Information Services.

5. FIRE-FIGHTING MEASURES

- Extinguishing Media (suitable) : water spray, foam, dry powder or CO₂.
- Extinguishing Media (unsuitable) : Avoid high pressure media which could cause the formation of a potentially explosible dust-air mixture.
- Special hazards arising from the substance or mixture : If involved in a fire, it may emit noxious and toxic fumes.
- Special protective actions for fire-fighters : A self contained breathing apparatus and suitable protective clothing should be worn in fire conditions.

6. ACCIDENTAL RELEASE MEASURES

- Personal precautions, protective equipment and emergency procedures : Ensure full personal protection (including respiratory protection) during removal of spillages. See Section 8. Avoid dispersal of dust in the air.
- Environmental Precautions : Prevent entry into drains, sewers or watercourses.
- Methods and material for containment and cleaning up : Avoid dust generation. Moisten spillages with water. Transfer to a container for disposal. Wash the spillage area with water.

7. HANDLING AND STORAGE

- Precautions for safe handling : Do not breathe dust. Avoid contact with skin and eyes. Minimize dust generation and accumulation. The material may form explosible dust-air mixture if dispersed. Dust clouds may be extremely sensitive to ignition by electrostatic discharge and other ignition sources. Ensure good earthing of equipment and personnel.
- Conditions for safe storage, including any incompatibilities : Keep containers properly sealed when not in use. Keep away from heat and direct sunlight. Keep away from moisture.
- Specific end use(s) : Not applicable, refer to Section 1
